About Us

Pathfinder, operating under the aegis of Brigupyari Seva Samiti and duly registered with the Society Registration Act 1860, stands as a beacon of excellence in Lucknow. We offer a comprehensive range of services, including psychological counselling, career counselling, and personality development. Renowned for our commitment to mental wellness and hygiene, we specialize in conducting workshops and seminars on crucial topics such as career counselling, personality development, societal wellness, social issues, and gender sensitization, emphasizing the importance and advantages of counselling in these areas.

In today's educational landscape, discernible gaps exist among parents, teachers, and peers when it comes to selecting a career path after completing a basic degree. It is imperative to focus on guiding our children in stream selection, and a counselling psychologist can play a pivotal role in illuminating the best path forward. Through a strategic blend of professional activities and counselling techniques, our counsellors can guide children towards achieving their goals and fulfilling their ambitions, underscoring the advantages of counselling and career guidance.

Our proficient team of counselling psychologists and counsellors serves as a robust support system, adeptly addressing psychological, career, and mental health issues with optimal solutions and professional advice. They utilize a diverse range of techniques, from psychological counselling to psychotherapy, ensuring mental wellness and providing support for emotional issues through individual counselling, family counselling, and even online counselling when necessary.
